Rahul Sharma

rahul.sharma@example.com | +91 98765 43210

Education

• B.Tech in Computer Science, IIT Delhi, 2022-2026 (CGPA 8.9)

Experience

Software Development Intern, Amazon, Bengaluru (May 2025 - Jul 2025)
Built a REST microservice in Java on AWS (Lambda, DynamoDB, SQS). Improved API latency by 30%. Wrote unit tests, did code reviews, handled on-call tickets and CI/CD with CodePipeline.

Backend Intern, Razorpay, Bengaluru (Dec 2024 - Feb 2025)
Developed fault-tolerant payment retry service in Python and PostgreSQL; used Git and Docker.

Projects

• Distributed Key-Value Store in Go with replication and fault tolerance.

• Open-source contributor to FastAPI (3 merged PRs).

• AI code-review assistant using GenAI APIs to boost developer productivity.

Skills

Java, Python, C++, Go, TypeScript, AWS, SQL, NoSQL (MongoDB, DynamoDB), Git, Docker, Data Structures, Algorithms, OOP, System Design, Debugging

Certifications

• AWS Certified Cloud Practitioner
